**II. LCAP Updates**

We have increased intervention programs, system 44, working on building math programs. We still receive lunches everyday. We will be providing a lunch box for families who wish to take advantage of that during spring break. We have taken part in social emotional trauma support. Open to parents and staff input for ways we can allocate funds. Data indicates students are making progress. We have increased the credits students have been earning. Attendance has increased

**III. Title I Updates**

First year we have title 1 funds. We have a designated tutor that has been working with them and we will receive additional funding to provide more support. Thank you to all of those who have provided feedback. Documents are being finalized. Students and parents have been notified of our title 1 program so that they are aware of those services
