III. ELAC (Document updates delivered by staff as well as any attendee questions/comments)

Mrs. Sanchez:

What is ELAC? We really want parent involvement. We're looking for two parents to form a committee to help us make decisions on the school for the students. Responsibilities go to meetings, try to achieve involvement and collaborate with School ELAC Memembers.

ELAC Handbook available

IV. ELPAC Testing (Document updates delivered by staff as well as any attendee questions/comments)

Mrs. Sanchez:

Explained what ELPAC is and who is required to take it.

The ELPAC Test is mandatory for all English learners. Testing will begin in February 2023. There are 4 domains which students will have to take. (Summative assessment)

V. Updates (Document updates delivered by staff as well as any attendee questions/comments)

Mrs. Lopez:

We provide as much support to our EL students and help them reclassify. What does that mean?

On NWEA they score a 207 or higher. We provide any intervention courses to give them English intensive and writing intensive. We want to give students all the resources they need to reclassify and graduate.

Sanchez: The previous year 20-21 we had 1 student qualify for reclassification. 21-22 school year we have 6 students eligible to reclassify. This is a huge increase so we are very happy about that and our ELD Team.
